Summer Camps

Let's get ready for summer camps! Our camps are run in our school from 9am-3pm Mon-Fri. Kids bring their own lunches and water bottles and we'll take care of the rest! Kids code throughout the week then demo their week's creations on Friday afternoon. What better way to get your kids out of your hair in the summer?!

And guess what, we're offering our **early-bird discount of $25 off** for a limited time only. Just use the code CAMPSROCK at checkout! Sign up now!

(Looking for more details? You can also read more about our main camps.)

Week	Camp	Ages	Price
6/3-6/7	**Games Are Awesome** We'll be using cool drag n' drop languages like Scratch or Snap to create us some cool new and classic games! Aimed at our newbie and novice coders (if you're looking to sign up for two Gaming camps, pls contact us first!).	Ages 8-10	~~$299~~ $274 **Sign Up**
6/10-6/14	**Python Startup** We don't have a pet snake for our schools, so we'll settle for introducing you to Python, one of the most popular coding languages today. Start slowly or code fast, this camp is for our intermediate coders - no Python experience necessary!	Ages 10+	~~$299~~ $274 **Sign Up**
6/17-6/21	**WebRox** Everything's about the web these days, and that's why Web Rocks! Code with all the base web technologies like HTML/CSS and Javascript, learn how the internet and file transfers work, and get your pages uploaded to our servers for public viewing! Novice or intermediate coders.	Ages 10+	~~$299~~ $274 **Sign Up**
6/24-6/28	**Games Are Awesome** We'll be using cool drag n' drop languages like Scratch or Snap to create us some cool new and classic games! Aimed at our newbie and novice coders (if you're looking to sign up for two Gaming camps, pls contact us first!).	Ages 8-10	~~$299~~ $274 **Sign Up**
7/8-7/12	**Rise of the Machines** Artificial Intelligence (AI) is one of the bigger buzzwords today, and we're ready to help you tackle it. What is AI? Why is it taking over the world? When will the Terminator come back and take down John Connor?? We'll start out talking about AI use cases and dive into some fundamental algorithms and create some basic AI apps as well.	Ages 9+	~~$299~~ $274 **Sign Up**
7/15-7/19	**Python Startup** We don't have a pet snake for our schools, so we'll settle for introducing you to Python, one of the most popular coding languages today. Start slowly or code fast, this camp is for our intermediate coders - no Python experience necessary!	Ages 10+	~~$299~~ $274 **Sign Up**
7/22-7/26	**Pi Jam** Jam to the coolest credit card sized gadget, the Raspberry Pi3. Explore cool stuff you can do with a tiny computer, which (depending on the instructor) may include controlling physical stuff like light sensors, Python with Minecraft or other fun stuff! Intermediate coders only, please.	Ages 10+	~~$299~~ $274 **Sign Up**
7/29-8/2	**WebRox** Everything's about the web these days, and that's why Web Rocks! Code with all the base web technologies like HTML/CSS and Javascript, learn how the internet and file transfers work, and get your pages uploaded to our servers for public viewing! Novice or intermediate coders.	Ages 10+	~~$299~~ $274 **Sign Up**
